3 Serving Suggestions

Purpose

Our purpose was to determine the most appropriate software for creating and delivering online tutorials that will demonstrate effective database searching skills to the users of Laupus Library.

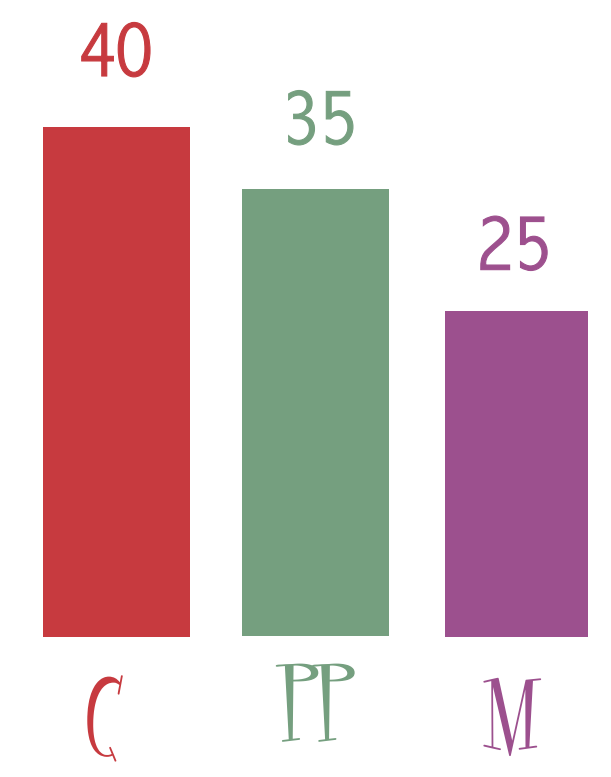

Easiest to Use*
 (by percent)

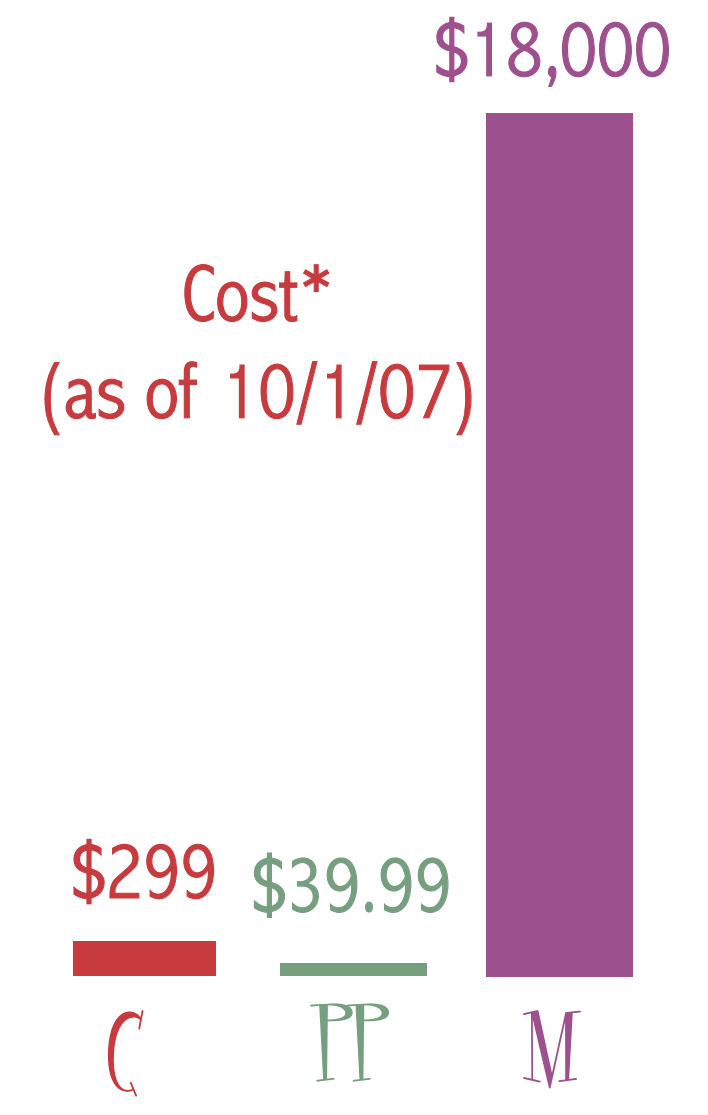

*(based on an online survey)

Time to Create*
 (in minutes)

*(time determined by experienced creators)

Cost*
 (as of 10/1/07)

*(cost based on users with Microsoft Office)

Rate of Accessibility*
 (by percent)

*(based upon users with high-speed internet)

Conclusion

For our users, Camtasia delivered optimal results for shorter database instruction. Mediasite would be more appropriate for lengthier lecture situations. PowerPoint tutorials are acceptable for situations where bandwidth is low and/or budgets are tight.
